## LIBATIONS SUMMER 2019

Quality of ingredients is the most important aspect of food and wine in the Italian culture. This philosophy is the foundation of our beverage list.

We have sourced wine, beer & spirits from each of Italy's 20 regions to highlight the passion, the unique nature of this amazingly beautiful land. Each of these producers have had a lasting impact on my love for Italy.

Join us for 3-Liter Thursdays where we open a crazy wine in a crazy bottle - offered by the glass!
